

Meeting open - 6:35 July 16, 2025

In attendance - Rob, Robyn, Chris, Nick, Stephen.

Meeting Minutes - With Michael on vacation, there was a motion to table the reading of the minutes from our May meeting. Motion by Stephen was made, and seconded by Chris, motion carried.

Energy expo update - And update was given about the energy expo coming up in October. The location is set for the Bow Memorial school again. Vendors are starting to get on board, and everything is moving forward.

Community power update - Robyn gave an update from community power. The upcoming rates have been set, and they will land just a few cents higher per kilowatt hour than the utility rate. We spoke about the selectboard wanting to speak with a member of the Energy Committee about community power, and Robyn agreed to go to a selectboard meeting as our representative.

Public Safety Building Solar - An update was given about the public safety solar arrays potential buyout. All information was given to the selectboard, with our recommendation that it is likely not an opportune time to try and buy it outright. The selectboard will make a determination in the future about the proposals ultimate fate.

A guest speaker came from the Lions Green Team. They asked for our assistance in helping to get the word out about a charity program they will be running to help insulate old drafty windows with window inserts. A few Papers were left for us to hang in areas we think might see some traffic.

Motion to adjourn made by Stephen, seconded by Rob, motion carried.

Meeting close - 7:35
