Animal Cruelty Investigation

Over the course of September and October 2022, Ofc. Handy investigated an animal cruelty case involving the death of a one-year-old Belgian Malinois.

Allegations were that the dog's owner used a pellet gun and knife to kill the dog after suffering from a non-life-threatening injury.

Ofc. Handy conducted a thorough investigation involving interviews, coordinating with multiple law enforcement agencies, applying for and executing a search warrant, and collecting physical evidence.

On 10/19/22, Ofc. Handy's search warrant was executed, resulting in the deceased dog's exhumation. The dog's remains were x-rayed, showing approximately 10 pellets inside the carcass. In addition to witness statements, this confirmed the dog suffered before dying.

Officer Handy applied for an arrest warrant on charges of felony animal cruelty. The suspect was arrested and held by the judge at arraignment.

Master Patrol Officer Matthew LeBlanc

Apprehension of Homicide Suspect

On July 24, 2022, at approximately 12:30 am, Master Patrol Officer Leblanc responded to the Town of Hooksett to assist with an incident that occurred on Main Street.

At the time, Hooksett Police located a deceased person who they believed had been struck by a vehicle. While MPO LeBlanc was looking for a possible suspect vehicle, he proactively initiated contact with a male walking on West River Road and identified him as a 26-year-old from Franklin NH.

As he was speaking with the male, Hooksett Police determined it was not a hit and run but that the person had been fatally stabbed. Hooksett Police advised the person MPO LeBlanc was speaking with was actually believed to be responsible for the stabbing and fled the scene prior to officers arriving. MPO Leblanc was able to place the suspect into custody without incident.

MPO LeBlanc remained on the scene and assisted NH State Police. Additionally, he met with NH State Police Major Crime and the NH Attorney General's Office and provided them with details of the arrest which directly led to the suspect being charged with one count of second-degree murder.

Detective Tyler Coady

Investigation of Body Located in Merrimack River

On April 28, 2022, Bow Police received a report of a body found in the Merrimack River.

Detective Coady was called and responded from a training he was attending in

Massachusetts. Detective Coady took over the investigatory process and dedicated a significant amount of time to this case.

After a week of spending countless hours reviewing surveillance cameras, conducting interviews, and following up on tips, Detective Coady was able to identify the person who was found deceased and give closure to family members.

Detective Coady remained dedicated to this case for several months investigating the cause of death. Detective Coady continued to work with other law enforcement agencies, assisted the Fish and Game dive team in attempting to locate evidence, watched hours of surveillance camera footage, collected evidence, and worked directly with the NH Medical Examiners Office.

Thank you Detective Coady for the amount of work, time, and dedication you showed on this case and for bringing closure and comfort to the person's family.

2022 Officer of the Year

Sergeant Philip Goodacre

2022 Officer of the Year

In 2022 Sergeant Goodacre started the year helping the department by temporarily filling the open School Resource Officer position.

In April, Sergeant Goodacre was promoted to the rank of Sergeant where he currently functions as a shift supervisor.

Sergeant Goodacre is the department's lead firearms instructor where he excels in teaching, mentoring, and making sure the program exceeds expectations. Sergeant Goodacre puts in the extra hours to ensure range safety, academy compliance, and understands the importance of a professionally run firearms program.

In July, Sergeant Goodacre converted the department shotguns to less lethal bean bag rounds. Sergeant Goodacre was responsible for acquiring the conversion kits, attending additional training, and then trained each member of this department on the new system. This new less lethal weapon system is an asset to the department as it provides an additional option of gaining compliance or taking someone into custody without having to use lethal force.

Sergeant Goodacre has been a member of the Bow Police Department since 2014 with prior law enforcement service with the Pembroke Police Department. Sgt. Goodacre was named the 2012 Pembroke Officer of the Year. Thank you Sgt. Goodacre for your continued dedication and professional service to the Town of Bow.
